U miami bookstore

If you're looking for the soul of a place, you can start at the local bookstore. I think it's one of the best places to go and find out about where you're visiting, says Becky Anderson, president of the American Booksellers Association and owner of Anderson's Bookshop in Naperville, IL. As who transports and feeds as any museum like any local dish, addresses America's best bookstores volumes across their respective cities and towns. In New Orleans, visitors can walk the same brick floors used by William Faulkner, when he rented rooms in a building that now sells first editions of his works as well as regional nonfiction. Boulder Bookstore, meanwhile, has subjects ranging from sustainable life to raw food that reflect the Colorado college town's love of alternative lifestyles. In recent years, however, independent bookstores have famously struggled to compete with big-box and online retailers — who can often afford to sell new books at deep discounts — and with the rise of e-readers. Many independents have been forced to close, but lately the tide may be turning. There's a renaissance going on among independent bookstores across the country, Anderson says. From 2011 to 2012, the association added trend to 100 members and reached more than 1,500 nationwide. Anderson attributes the increase partly to independents' ability to cultivate community: a large indie bookstore isn't just about selling books — it's about people. They collect locations, said Lissa Muscatine, co-owner of longtime Washington, D.C. favorite Politics and Prose. I think bookstores are a kind of cultural institution. A steady diet of author apps, classes, and excursions keeps Politics and Prose customers engaged in the store, and with each other. Vroman's Bookstore in Pasadena, CA, even houses fundraisers and donation drives for local schools, pet shelters, hospitals and other organizations. I am very optimistic for the survival of independents because they create such a unique experience that no one else can offer, says Anderson. Read for some of our favorite independent bookstores, from San Francisco's beatnik icon City Lights to Books & Books, which featured art titles in a 1920s Mediterranean-style building in Coral Gables, FL. Credit: Courtesy of Square Books This three-in-one bookstore spans a triad of post-Civil War buildings on the town return home to William Faulkner and John Grisham. The 3,500-square-foot Square Books, Jr. is devoted to children's choices; Off Square Books includes lifestyle topics like cooking and gardening; and the main store celebrates regional history and literature, including that of Mississippi natives like Tennessee Williams and Eudora Welty. squarebooks.com Ad Credit: Ben Partridge Next to the University of Iowa and its renowned Writers' Workshop, this store (est. 1978) is a cornerstone of a town where embossed sidewalks display quotes workshop alumni including Kurt Vonnegut and Flannery O'Connor. Owned by a few poets, the store features 40,000 titles leaning heavily toward fiction, travel, children's, and -no surprise poetry. prairielights.com Credit: Justin Namon Shelves soared from wooden floors to wooden ceilings in this 1920s-era Mediterranean-style building, where a variety of art titles dominated about half the stock. The store is one of a handful of

Miami-area outposts of B&amp; B, first opened in 1982 by Mitchell Kaplan, 2011 recipient of the National Book Foundation's prestigious Literary Award. booksandbooks.com Ad Credit: Bruce Guthrie This Northwest D.C. landmark averages 475 writer events each year, welcoming wordsmiths from Salman Rushdie and Bob Woodward to Barbara Kingsolver and Calvin Trillin. A husband-and-wife team of former Washington Post writers Bradley Graham and Lissa Muscatine (most recently a speechwriter and adviser to Hillary Clinton) bought the store in 2011 from the original owner, who opened it in 1984. politics-prose.com Credit: Courtesy of Boulder Book Store The eclectic spirit of this store's hometown lives among its 100,000 titles; Together with bestsellers and general interest themes, Boulder-specific sections such as Buddhism and vegan cuisine live. Locals and tourists can get lost in the three-storey maze of rooms, housed in a 19th-century structure on the brick-paved, pedestrian-only Pearl Street Mall. boulderbookstore.net Credit: George Goss This cozy Greenwich Village location is located in New York's literary heart—everyone from Henry James to Edward Albee lived nearby. French doors open on the street, where passersby can browse stayers (discounters overstocks of novels and nonfiction), a solid selection of new fiction, and New York-centric reads. bookbooknyc.com Ad Credit: Courtesy of Powell's Books Chances is well Powell's has what you're looking for: more than 1 million books crowd this former car dealership encompasses an entire city block in Portland's revitalising, post-industrial Pearl District. Since opening in 1971, the bookseller giant specializing in both used and new books has grown to include six Portland-area stores and a busy online sales site. powells.com The brick floors lining this treasure trove on Pirate's Alley in the French quarter are the same that William Faulkner walked when he rented rooms here in the 1920s. Collectors will enjoy first editions such as a well-preserved copy of Faulkner's first novel, Soldiers Pay, in addition to new fiction and local nonfiction. faulknerhouse.net Credit: Courtesy of Elliott Bay Book Company In 2010, this nearly 40-year-old landmark moved to its new home in the vibrant Capitol Hill neighborhood, taking over a former truck service center that dates to 1917. fir floors, a beaming ceiling dotted with skylights, and an in-house café invite patrons to linger over a cup of city's famous joe and browse through 120,000 titles. Titles. Ad This game on busy Church Street has a penchant for the unexpected: out-of-print titles, academic publications, and lesser-known efforts by big-name writers. Customers wandering its creative maple floors and rising its rolling book ladder will also find strong shows in children's books, cooking and food writing, environmental studies, science, and travel. crowbooks.com Credit: Michael Robles Poet Lawrence Ferlinghetti took this beacon for beatnik culture in 1953, and 60 years on, the three-story North Beach institution retained its alternative lead with subjects ranging from politics and poetry to spirituality and surrealism. His publishing arm produced hundreds of titles, including poetry collections by Pablo Neruda, Allen Ginsberg and Ferlinghetti himself. citylights.com Credit: Joyce Valenzano A half-block from Main Street in a small Sun Valley ski town, this cozy, two-storey store invites patrons to curl in an easy chair among stacks of local and regional titles. A large collection of rare and out-of-print Hemingway work pays himself to the author who wrote For Whom the Bell toll here and is buried in the local cemetery. chapteronebookstore.com Ad Credit: Rachel Ormiston Caffoe for Vroman's Bookstore Opened in 1894 by photographer and philanthropist Adam Clark Vroman, this airy two-story store in the historic Pasadena Playhouse District continues its charitable legacy by donating a portion of each purchase to local causes. SoCal's oldest indie bookstore features both local history and counterculture. vromansbookstore.com Credit: Courtesy of Tattered Cover Housed in a turn-of-the-century distribution warehouse in Lower Center, this Mile High City mainstay oozes historic charm, with soaring wooden ceilings and antique furniture located in book-lined corners and taps. About 80,000 titles include impressive travel, child and fiction departments, as well as an increasing commitment to self-published writers. tatteredcover.com In the spirit of week inspiration wherever you are, we've teamed up with ALDO to bring you the best of the best of neighborhoods across the country. And better yet, we've entered writer and expert Carole Sabas of The Fashion Guides to compile these lists of restaurants, museums, boutiques and everything worth exploring. Consider it a quick cheat sheet that every out-of-towner (and local!) should have. Read on and then move. Miami earns its Magic City nickname when winter takes a turn for the worst (read: chillies) elsewhere. At least it sure feels like cramped when you can jump on a plane and be toes deep in the South Beach sand in a few hours. But if you rest on your laurels — and, well, your lounge chair — from there, it would be a wasted opportunity. Instead, we offer this advice: For as much time as you cheer in your sense of calm and relaxation this winter spend so much time scratching the surface of the Miami Miami Lifestyle. The indie art life is electric — best known by the recent annual Art Basel fair — and you'll feel right at the edge of Latin America with a puzzle of Cuban, Colombian, Peruvian, Argentine and Brazilian influences. Furthermore, you can be dazzling by its busy scene of gourmet restaurants; art foundations; modern, high-concept hotels; and high-end vintage treasure trophies that are all unique to the Southeast hot spot. So with that in mind, we're bringing you the five must-see destinations everyone should have Miami-bound on their radar except the beach. Because it's a given, right? Right?
